

Healing Walls Project Sample Sheet

Healing Walls Project is a Queer, Black, Women owned mural firm and art organization that focuses on empowering BIPOC artists through the creation of public art while cultivating healing spaces and as a result supporting long-lasting, safe and authentic relationships between BIPOC artists and their communities. Healing Walls Project (HWP) Artist have created some of the largest and most impactful murals in Louisville, KY, including the massive 3000sqft mural "Westend Proud" at the Westend Louisville Krogers and the landmark big blue Ali mural "The Greatest" across from the Muhammad Ali center. HWP murals and public installations span all over the United States including, the most recent installation in collaboration with GE Appliances, Haier in Orlando,FL.
