

STUDENT TESTIMONIALS

Katie

Louisville Folk School helped me connect with a fun, interesting group of people when I returned to Louisville after years of living abroad. The Folk School jams are so fun and something I look forward to every week.

Susan

My Folk School class has piqued my interest in African culture. ...I started reading the autobiography of Babatunde Olatunji and listening to his music. LFS has enriched my life in many ways.

Sarah

The LFS is one of the most welcoming places I've found in Louisville since moving here over 29 years ago. The teachers, fellow students and weekly jam sessions have given me the confidence to sing out with joy.

Walking into the LFS for my first class was *the best thing* that's happened to me.

It's a great community!

Shannon

I always wanted to play music and I started playing about 7 years ago... with a banjo class at the Louisville Folk School. It was a very easy and enjoyable experience to learn in a group situation with low pressure and other students who were also beginners. **Playing with a group is the most fun that can be had playing music! And best of all I have met so many wonderful people...**

Kathy

LFS provides a unique and diverse environment for students to learn a variety of musical instruments and genres.... I look forward to each and every class and consider these experiences **an integral part of my life.**

I consider myself a "perpetual student" of Louisville Folk School and invite everyone to check out the classes and start making your life more full and interesting!!!!
