**At Fund for the Arts (FFTA), we envision a healthy and vibrant community where everyone embraces the art that exists in our lives every day.** We believe that art is a right, not a privilege, because art is a fundamental expression of the human condition. 5x5 and Teacher Arts Grant (TAG)-funded programs demonstrate FFTA's commitment to supporting students, teachers, and learning throughout our community.

FFTA recognizes the diversity, equity, and inclusion policies of school districts in Greater Louisville, and prioritizes equity as a core value and guiding principle in all our grant-funded programs and investments.

We acknowledge that some of the programs available through 5x5 and TAG address difficult topics. In determining which program you will apply for and provide to your students, we encourage you to reach out to the arts program provider directly to learn more about the program content.

#### **How do 5x5 and TAG work?**

Teachers and school administrators apply through the FFTA online grant portal. Applications should be submitted by your school's 5x5/TAG liaison. If you do not know who your school's liaison is, or a new liaison is needed, please check with your principal, or contact [grants@fundforthearts.org](mailto:grants@fundforthearts.org). All applications must have principal approval before they are submitted.

#### **Who is eligible to apply for 5x5 and TAG?**

K-12 teachers and administrators in Bullitt, Jefferson, Oldham, and Shelby counties in Kentucky; and Clark, Floyd, and Harrison counties in Indiana.

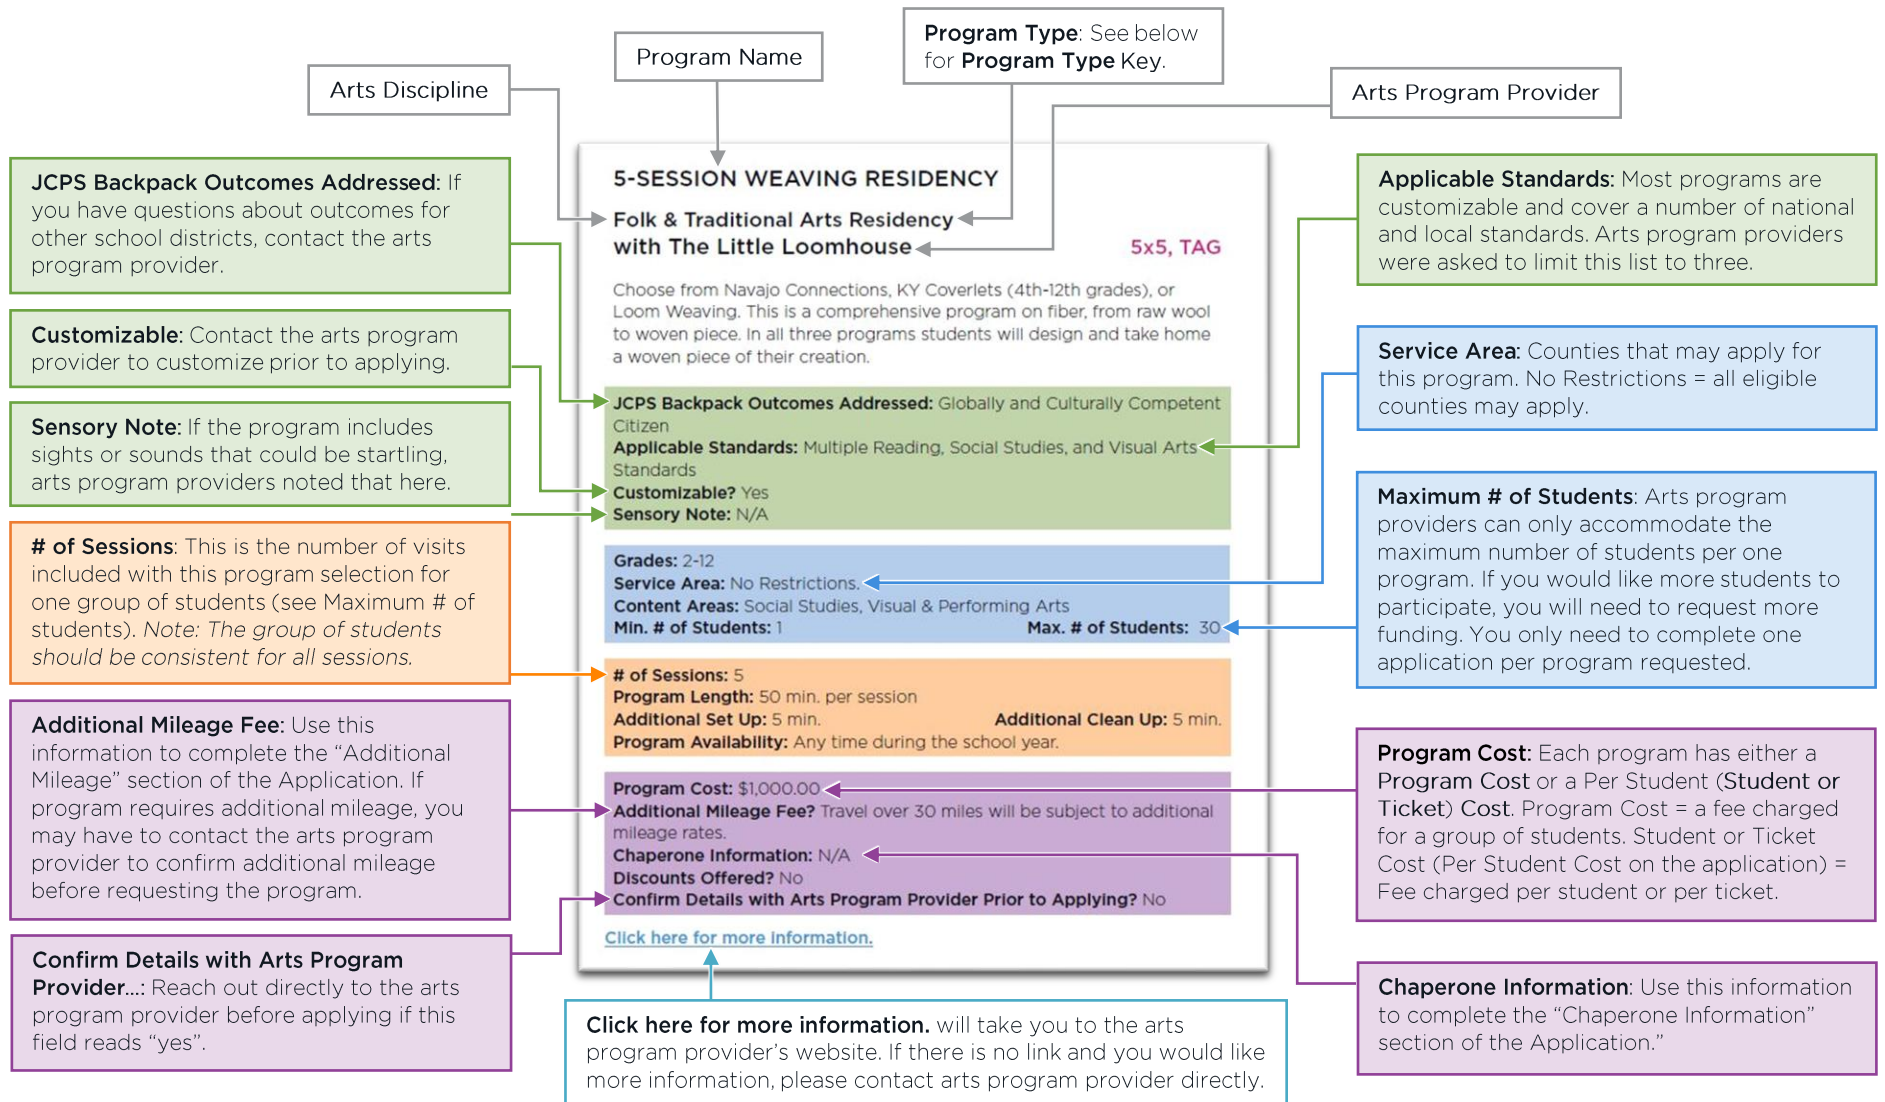

#### **Tips for Applicants:**

- Use the **At-A-Glance** beginning on page six to search by discipline, academic content connections, or grade level to find the program best suited for your classroom.
- **Buses and transportation** are not included in the Program and Student/Ticket Costs for Field Trips. Your school is responsible for getting students to and from the off-site program. If you need additional funds to cover this expense, complete the "Bus Cost" section on the Funding Request page of the application. FFTA pays schools directly for awarded bus funds.
- If the program you are requesting requires **additional mileage**, be sure to add it to your funding request. You may have to contact the arts program provider to confirm additional mileage before requesting the program.
- **A Contact Sheet** with all participating arts program provider contact information has been provided beginning on page four. Please contact the arts program provider directly with program-specific questions.
- **Program descriptions** are listed alphabetically by arts program provider name in two sections: In-Person (pages 12-65) and Virtual only (pages 66-69).
- If your school is applying for more than one program, we recommend no more than **six program applications per school**. Please complete one application per requested program (i.e. a program for multiple classes can be applied for on one application as long as the program is the same).

#### **Questions?**

For program-specific questions, to confirm pricing and/or mileage, please contact arts program providers directly.  
For general questions, contact the Community Investment & Support Team at [grants@fundforthearts.org](mailto:grants@fundforthearts.org).

## EVEN PUPPETS HAVE PROBLEMS

### Theater Residency or Workshop with Looking for Lilith Theatre Company **5x5, TAG**

In Even Puppets Have Problems: Interactive Drama for Managing Conflict, a puppeteer shares their show where puppet friends are fighting. The audience helps out by offering ways to express their anger safely, calm down and work through their conflicts, with a few audience members even getting the chance to take over the voice for one of the puppets. Addressing such “pre-bullying” behavior with younger audiences sets them up to have more tools to resist bullying as they mature. In the residency version, students get to use role-play to explore how to handle real life peer conflicts, and practice more ways to express anger safely, calm down, and problem solve.

\*Classroom space where desks, tables, and chairs can be moved to the side is preferred to allow students to move during the drama.

## THE HISTORY OF NOW BY KEITH MCGILL \*WORLD PREMIERE

### Theater Performance/Exhibit with Commonwealth Theatre Center

5x5, TAG

It's now. Three friends are in history class asking the question, "What is the point of studying stuff that happened forever ago?" As they learn about recent history and current events, they discover how ordinary people changed history just by doing something—no matter how small, and how they can be history changers as well. A brand new play by Keith McGill, THE HISTORY OF NOW uses modern musical styles like hip-hop juxtaposed against more classical poetic styles like sonnets and haiku to talk about recent relevant history (after the Civil Rights Movement, continuing through the 21st Century) to teach the value of all poetic forms of writing. The audience becomes characters in the story, as they get pulled into the songs and poems with our actors.
